#### Changed both front and back door locks.

Friendly, efficient, tidy and helpful. Arrived within 30mins. Put some WD40 on the door mechanism to make it easier to open and close which was very useful. Nice chap that I am happy to recommend. **Customer in Sutton, 16 December 2011**

#### Replaced yale and five-lever mortice lock during the night.

I left my keys in the door by mistake, which were then stolen by my next door neighbours (I live on a not-very-nice estate) but the police couldn't do anything as I had no proof. I discovered this after I woke in the middle of the night to hear the key being turned in the lock and the pattering of feet in my hallway. I was taking my son to a festival at 8am that morning so I had to get a locksmith during the night. I phoned Saif and he came at 6.30am as promised and completed the work very quickly and efficiently. His charged was comparable to what another person had quoted me but who had sounded decidedly unreliable over the phone. He was very kind and tried to replace the locks on the gate too for an extra tenner but didn't have compatible locks for these. **Customer in London, 19 August 2011**

#### Adjusted back door lock

#### New mechanism fitted to exterior door

Absolutely brilliant! After being told by another locksmith that the door was rubbish and beyond repair, I called and spoke to Junior. He came round when I got home from work and sorted the door out quickly. What a star! Will definitely recommend ideal-locks.Co.Uk to friends and family. A number for my mobile for sure! Thanks again. **Customer in London, 17 May 2011**
