Most Recent Customer Feedback

Addition of conservatory. 8 / 10
Good quality service. I would recommend this company. **Customer in Reading, 20 December 2011**

Set of French doors to back of house. 10 / 10
Great job! Great work! Great price! I would recommend this company. **Customer in Basingstoke, 16 December 2011**

A new lean to conservatory. 10 / 10
Very pleased - reliable, efficient, good quality job done. **Customer in Reading, 8 December 2011**

Conservatory built on back of house 3m by 7.4m 9.5 / 10
Excellent from start to finish and would use AB for future work. Very happy with all the work and Andy is easy to get on with. **Customer in Farnborough, 8 December 2011**

3.5m x 3m Edwardian Conservatory built. Including all building work and electrics 9.8 / 10
I could not fault this company. From the quotation and information provided by the owner Andy Brown, to the finished job, we were thoroughly impressed with all aspects of our selection of A B Conservatories. Andy was very flexible when we wanted to adapt our design which we really liked as it enabled us to be 100% sure of what we were going to get. We were able to openly talk through ideas, whilst Andy provided non-biased advice on what our options were allowing us to make the most informed decisions about all the bits and pieces entailed in the overall job. The builder GP Building services were also very good, courteous, communicative and highly skilled with their brickwork. Nothing was too much bother for either the conservatory construction team or the builder who we actually asked to do another job whilst he was at our house because we were so pleased with his work. Having taken quotes from a number of companies some big and some smaller, the fact that this company is a smaller family run business was a huge benefit when it came to the

products they used, the price we paid, the service we received and the overall result in a beautiful conservatory!. Our experience with A B Conservatories exceeding all our expectations and we would recommend anyone looking for similar work (or windows and doors!) to give them a call. **Customer in Maidenhead, 7 December 2011**
