Double storey rear extension and complete house renovation and entire new roof 10 / 10

Haynes Builders worked at our home for 5 months, building a double storey rear extension, replacing an old asbestos roof over the entire house and renovating throughout. Alfie was superb from start to finish coordinating the entire job and his team of guys were always friendly and helpful and their standard of work was amazing. We used the company for everything from brickwork, plastering, roofing, carpentry, electrics and plumbing. Over the 5 months Haynes Builders were working on our home, we didn't experience one problem and we stayed on budget. They even sent me flowers on my birthday! My husband and I would definitely recommend Alfie and his team for any building work in your home. **Customer in Bordon, 28 October 2011**

We are very pleased with the finished results and have had lots of compliments from friends. Alfie and his team were extremely helpful and professional and took a pride in their work. We would have no hesitation in recommending Haynes Builders. **Customer in Farnham, 1 October 2011**
