Replacement Bathroom and Cloakroom

10 / 10

I would highly recommend ANB Plumbing as a company that not only give excellent service at a great price but go the extra mile to ensure the job is to the customer's satisfaction. Steve was always helpful where professional guidance was required when I had to make decisions. We also had a real problem where our soil pipe turned out to be completely blocked with scale. Steve stayed on working very late, replacing the whole pipe for us and clearing the blockage to ensure we had a toilet again before he left. **Customer in Basingstoke, 12 April 2012**

Conversion of bathroom and en-suite bathroom into one bathroom

10 / 10

Steve gave a very competitive quote and was excellent value for money. He kept us informed regularly on the progress of the job and he would accommodate any changes that we requested. The area was left clean and tidy every night, and we felt comfortable leaving him alone in the house. His work was of an extremely high standard and he has very good attention to detail. In particular, we had floor to ceiling natural stone tiles with which he did an excellent job. In conclusion we would thoroughly recommend him for any work. **Customer in Basingstoke, 23 June 2011**

Fitted basin and WC, moved (hid) pipes and waste, tiled walls and floor, fitted heated towel rail 10 / 10

Very happy with Steve, he did everything to a high standard and stayed late on the first day to ensure we had hot water connected to the bath which was something we appreciated. I would use ANB again without question **Customer in Basingstoke, 8 May 2011**
