Fixed a leak and replaced the old drainpipe

10 / 10

Dermot was really helpful and efficient. Initially he came out to repair a leak we had and as this was an emergency he was really accomodating, squeezing me in early morning before he went on another job. He then recommended we replace some old drainpipes to prevent it happening again. He was clear about what he was doing, always arrived on time and the work was completed to a high standard. Would definately recommend him and will use again. **Customer in Brighton, 2 April 2012**

Fitting a new shower, fixing a leak and a toilet flush problem

10 / 10

I would definitely use this company again. They kept me informed about what they were doing and really went the extra mile sorting out something that turned out to be a bigger problem than it first appeared - and did not charge any extra. Conscientious, hard working, punctual, tidy and thorough, I thoroughly recommend them. **Customer in Brighton, 9 January 2012**

Power flush and finding fault in boiler

10 / 10

Absolute Plumbing found a fault in the heating system which three other gas engineers and two electricians had failed to find. They were extremely helpful, courteous, and spent extra time and energy working out where the fault lay. We were very grateful indeed for their help and would highly recommend them. **Customer in Brighton, 20 December 2011**
