Repointing and repairs to outside wall and window sill 10 / 10

This was an awkward job that involved re-pointing brickwork, re-plastering an inside wall, and rebuilding a window sill. John provided a very competitive quote and started the work when promised. The work was more complicated than first appeared but the final bill was still very good value. Overall very happy with the work - this guy is trustworthy and reliable. **Customer in Petersfield, 1 November 2010**
