Change the lock on a PVC door

10 / 10

Arrived within 20 minutes of the call, all work was completed in about 20 minutes. I had a phone call just before arrival to let me know they were arriving soon. The quote I had over the phone was the money I paid. What a wonderful service!

Broken car key removed from ignition and new key cut

10 / 10

Brilliant job! Came out well within the given time estimate, spent 5-10 minutes fishing the snapped key out of the ignition, then provided me with a new key right there and then. I was expecting them to have to take the key halves away and go and collect the new key later, but nope - job finished, went out to take a look, and there was the new key, which worked first time. Good job well done.
