- Communal block of 60 flats wired up for switchover and satellite aswell** 10 / 10
The job was quoted one year ago but due to the directors in the block it took time to ok the price, we got 3 quotes and Steve was one of the best due to the way he spoke to us as we don't know anything about aerials etc and we were happy with him as he is the owner of his company with many year in commercial installations of this type and other company's sent people that were not up to scratch with talking to us as we felt they should. And the price was good he done the job within the time quoted and he still stuck to the original price too!. Worth every penny and we are happy to recommend. **Customer in Worcester Park, 16 April 2012**
- Installation of an additional satellite point** 10 / 10

Daniel immediately understood my requirements and offered good advice on how best run the internal cables, he then carried out the work very professionally to conclusion. I would certainly recommended this company. **Customer in Epsom, 22 March 2012**
