Kitchen and Bedroom Extension

10 / 10

We found Andy via Checkatrade and are so pleased we picked him! As complete beginners at home renovations, Andy guided us from the very start, explaining everything and making sure we always knew what was happening and when. I thought such major work would be stressful, having builders at home everyday, but Andy made it all so easy and stress-free. All the other contractors were friendly, well organised and reliable and we will use them again too. Whenever anything came up that would be extra cost, Andy discussed it with us first and it was only because we wanted things extra to the original plan. We'll be using Andy again for more work on our bungalow and would recommend him to everyone. P.S. He likes flapjacks! ;) **Customer in Worthing, 30 September 2011**

Single storey side extension, kitchen/diner, patio and block paved drive

10 / 10

Overall, a stress free hassle free build. Originally quoted to build just the shell of the extension but as the work progressed we were so pleased with the work, we got him to install the kitchen, patio and drive! Thanks for completely transforming our house! **Customer in Worthing, 28 July 2011**
