Replacement of Hot Water Tank and repairs to damaged floor caused by leak 10 / 10

Laurie visited our house on the same day I had phoned him to give me a quote and he gave a commitment to complete the work within a week. He arrived on the day promised and did a great job. He protected our carpets from potential dirt from the work and tidied and cleaned up once finished. He left us with a fully working system and you wouldn't know he'd been. Thanks for a good job! **Customer in Godalming, 12 April 2012**

Fitting 2 new radiators, and adding thermostats to all radiators. 10 / 10

After my initial contact Andy came round very quickly to quote and gave us a clear concise quotation. He was happy to give advice and didn't just quote for what we wanted but gave us his professional opinion on the best way forward. He was very good at sticking to time and budget and worked really hard to give us an end product that we are very pleased with. **Customer in Godalming, 23 February 2012**

Andy came exactly when he said he would and charged exactly what he said he would. Explained why boiler was becoming noisy and gave advice on this and other matters. He was very helpful and we will definitely use Algas again. **Customer in Guildford, 23 January 2012**
