Most Recent Customer Feedback

Leak detection in bathroom

10 / 10

All Type Plumbing came to detect a leak in my bathroom. Richard was very helpful on the phone, arrived on time, courteous, fixed the problem and explained in full what he had done. I would definitely recommend the company to others. Ten out of ten! **Customer in London, 16 November 2011**

Boiler replacement

10 / 10

When our boiler died, the plumber I had used once before was unable to come out for weeks. I was recommended by a friend to contact All Type Plumbing as she had recently used them to replace a boiler and had been delighted. Richard came round very quickly, explained exactly what was needed and the likely cause of the boiler failure. It was a cold few days and Richard and his team were able to come out within a couple of days and fit an excellent quality boiler. His team worked quietly and diligently and made me feel that we were in safe and trustworthy hands. The whole process from quote through to invoicing has been extremely professional and without hitch. I would recommend this company without hesitation and will definitely use their services again. **Customer in Surbiton, 26 October 2011**

Valve change on radiator

10 / 10

Richard and Shaun came less than 2 hours after the initial call as it was a matter of urgency. He asked a few questions over the phone in order to assess the problem and provide the quote. Problem was solved and the whole heating system tested in less than an hour. Richard even took the time to explain other related issues. Very happy with service and courtesy - would definitely recommend. **Customer in London, 16 September 2011**

Fitted towel rail, taps, resealed shower, fitted wall table and cupboard doors

Really brilliant job, would fully recommend. The job was done neatly and efficiently and Richard kept costs down where possible, so offered excellent value for money. Richard was a really nice guy who explained everything. Any work that we need doing in the future, Alltype Plumbing will be our first port of call. Can't recommend highly enough. **Customer in London, 17 June 2011**

Shower Installation

10 / 10

I needed a new shower/cubicle and just didn't know who to go to. I came across Richard on the internet so telephoned. I felt happy with the initial response I got from the call. On meeting Richard I felt confident he knew his trade, would be reliable and do a good job. Work started with covering the carpet on the stairs. They worked solidly with hardly a break, cleaning up as they went along which kept the dust and dirt to a minimum. The new shower was installed to a very high standard within two days the time originally quoted. Thank you Richard and Shaun. **Customer in London, 17 May 2011**
