#### Design, supply and install new Kitchen.

Andrew designed kitchen within our budget indicated,

Professional service from Andrew and Installer Darren and his Team (Electrician, Floor Tiler and Decorators) from start to finish ie from Design to removing of old kitchen, making good walls etc, delivery of Kitchen and white goods, overall installation of Kitchen and final finish of Kitchen leaving nothing more for us to do than to move back into our new kitchen. All time scales met. Very pleased with Kitchen. **Customer in Lee-on-the-Solent, 11 May 2012**

#### New kitchen designed and installed

10 / 10

We are so pleased with our new kitchen designed by Andrew Collins, who was extremely helpful with his suggestions, when I needed advice on colours, tiles etc. We have nothing but praise for this company, the fitter Daren and electrician Chris who were superb, nothing too much trouble and their work was top class. Have nothing but praise and would recommend this company to anyone. **Customer in Gosport, 12 April 2012**

**New kitchen, part of a major extension**

10 / 10

Have nothing but positive things to say. Andrew and Rosie are clearly very passionate about what they do but never at all did we feel any sales pressure. Unlike many other companies that we had tried before the focus was on making the kitchen work for us within our budget. They offer a service that will never be replicated by the large stores and one which has carried on after completion. Thank you very much and all the very best to you for the future. Absolutely thrilled.
