Most Recent Customer Feedback

Refurbished and redecorated two bedrooms including blocking up cupboards and creating new openings 10 / 10

I felt the estimate was very fair. Tony and his team arrived on the agreed date and time and worked on the project continuously until it was completed. They were able to accommodate a number of changes that I requested as work progressed and offered constructive advice when asked or they felt it would be helpful. The work included blocking up a cupboard door in one bedroom and opening that cupboard into the other bedroom, combining it with an existing cupboard to provide a single space with folding double doors. They removed parts of walls, provided new electrical sockets and ceiling down-lighters, re-plastered and did all the general decoration and once finished the work has transformed the two rooms giving them a very modern and "crisp" feel. Despite all the work going on cleanliness was excellent with minimal dust going into the rest of the house and despite us continuing to live in the house we were never made to feel we were in the way. I will have no hesitation about asking Tony and his team to do further work for me in the future. **Customer in Havant, 26 March 2012**

Completion to bungalow 10 / 10

Our bungalow is now finished and looks amazing, we definitely chose the right builder who was very flexible to our changes. We love our new bathroom which exceeds our expectations. The quality of workmanship throughout the renovation is as we had hoped for. Having relocated from Cornwall to be near family, Tony and his team have made the project run smoothly All work was carried out in a conscientious way by all members of his team. We plan to use him on future projects and would not hesitate to recommend him. **Customer in Waterlooville, 10 February 2012**

Continuation of work to bungalow 10 / 10

The bathroom has been started. It was originally a poor attempt at a wet room but everything had been boded with damp everywhere. Tony suggested we have fitted vanity units with concealed system and a ceramic sink as opposed to a standard toilet and pedestal. We are both

really looking forward to seeing it transformed. **Customer in Waterlooville, 3 February 2012**

Continuation of work to bungalow

10 / 10

Changed our original plan and decided to pull up the hallway floor tiles and fit wooden floor, this we know made things awkward for Tony who was absolutely fine about it and fitted it to a high standard. We are so pleased with how it looks.

Continuation of work to bungalow

10 / 10

We are both really impressed with the attention to detail now that everything is painted and new architrave and skirting look fantastic. **Customer in Waterlooville, 20 January 2012**
