**Complete Kitchen, hall and WC replacement** 10 / 10  
 Matt and Neil performed above and beyond what would be expected of normal kitchen fitters. Their work ethic and craftsmanship were second to none. From replacing the flooring to tiling the walls and fitting the kitchen cabinets, solid surface worktop and all appliances. All plumbing was replaced to make the room much neater. A wonderful end result, a real credit to the trade, I would have no hesitation in recommending the team and will certainly use their services again. Thanks for a fantastic new home ! **Customer in Southampton, 20 January 2012**
