Remodel a bathroom

10 / 10

I originally engaged Aqua P&H over 12 months ago to completely remodel a bathroom. I was sufficiently impressed with every aspect of their work to subsequently use their services to replace and relocate the CH boiler and replace radiators. Most recently the CH boiler has been serviced. From experience I have no hesitation in recommending Sean and his team, whether the job be large or small. **Customer in Christchurch, 22 August 2011**

Hot water not automatically being produced via combination boiler. Fault mended.
