Most Recent Customer Feedback

Major heating failure - Theale Green School

10 / 10

Approx one third of heating went down at our school. Had to hire portable boiler, fuel tank etc. Fair amount of pipe work to be done to tap into existing services. Outstanding response from Arcadia worked well into the night, twice to get everything up and running. These are the guys you need when your back is against the wall. **Customer in Reading, 6 February 2012**

No heating in various classrooms
