Another excellent Driveway was constructed for us. This is the second driveway Simon has worked on for us. Due to the first drive being so good we asked Simon back to do the new one on our new house too. Thanks to Simon and his team we very pleased again with the superb professional result. **Customer in Banstead, 13 January 2012**

#### Huge drive with several walk paths, steps and brick wall of the detached house

10 / 10

We are really, really pleased with our new drive. It is the first class workmanship done to the highest standards. Simon and Ricky are really lovely guys who take a real pride in what they do. It was a complex task as our drive is quite big and made of several levels. Simon created a beautiful and spacious parking area, two walkways and the curved bricked wall. It is now adored by all our neighbours and we cannot recommend Simon enough. It would be our greatest pleasure to recommend Simon and if you wish to see our beautiful driveway (in hazelnut with grey border) please do not hesitate to ask Simon for our address. **Customer in South Croydon, 1 December 2011**
