Most Recent Customer Feedback

Disconnecting Cooker and Connecting New Cooker 10 / 10

Expertly done. I felt Ray to be totally trustworthy over the standard of electrical work done. He was also very informative regarding electrical matters, safety, etc. Although we had originally thought the new cooker would be unpacked by carriers, this was not so. Ray, however, speedily did this and even vacuumed the carpet afterwards. I shall certainly call on him again for any electrical work, and recommend him to family and friends. **Customer in Fareham, 24 January 2012**

Installation of spot lights, security light, sockets and other. 10 / 10

As with previous work, we are very pleased and would thoroughly recommend Ray. **Customer in Southampton, 14 January 2012**

Bathroom ceiling spotlight connection repair. 10 / 10

The repair was undertaken very efficiently and I have nothing but praise for the professionalism of Ray Burnett who I have used previously for my electrical services requirements. **Customer in Southampton, 5 January 2012**

New wall lights and replacement central light, switches and plug sockets 10 / 10

Ray turned up on time, did a fantastic job all round including channelling through our solid walls to put in new light cabling and re-filling the holes, and left everything spotless. The cost was exactly to the penny of the quote. Not only was his work of the highest standard but he is a lovely guy who just happened to be at my home on the day of a huge storm which caused some damage to my house and he even helped me sort that out too! I would not use anyone else and I would highly recommend Assure Electrical to anyone requiring electrical work. **Customer in Southampton, 3 January 2012**

Change light fitting socket and power to shed.

10 / 10

Excellent service, I would recommend this company. **Customer in Southampton, 21 December 2011**
