#### Survey and clearance of combined drainage system

Ryan and his colleague arrived as arranged and carried out the work in a thoroughly professional manner. They were helpful, pleasant and considerate to neighbours. The price was reasonable and I would not hesitate to use the company again and recommend them to others. **Customer in Bognor Regis, 14 October 2011**

#### Remote, camera inspection of drain

9.5 / 10

The inspection gave us an excellent feel for the condition of the drain and also cleared out a little rubbish in it. The engineer also gave us very helpful comments about the condition and also of related "drain issues". Would definitely use again. **Customer in Worthing, 2 September 2011**

#### Cleared obstruction from drain

10 / 10

If you need anything doing to your drains call this company - We had an obstruction in our drain and two other companies said that the only way to clear it was to dig up the road, which would have cost us thousands that we just couldn't afford, Attend a Drain were honest and skilled enough to clear the object through the use of rod attachments. Polite and fantastic service from booking appointment to work being done. If you want a company that you can trust and not just trying to charge you for unnecessary work then don't call anyone else but these guys. Superb! **Customer in Bognor Regis, 11 January 2011**
