Fixed gas central heating.

10 / 10

We had spent a lot of money over several years on pipe work and radiators but another heating company and several plumbers had failed to point out a simple problem with the system. Cliff identified this and has transformed the central heating - there are even complaints from the family that the house is too hot! I wish we had contacted Aura Gas 4 years ago. **Customer in Liss, 9 January 2012**
