Friendly tradesman, getting parts at a good price, polite and courteous. Got the job done fast. And all at a reasonable price. Also found out the best way to replace the boiler with out having to lots of work like some other tradesmen quoted. When my boiler will need to get changed, he will get the job. **Customer in Staines, 7 April 2012**

New combi boiler

10 / 10

Ricky installed a new combi boiler in November 2011 (two months ago) and I was thoroughly happy with his work. In particular, he was the only plumber out of the 4 I spoke to that was willing to install the specific boiler I wanted. Ricky was polite, punctual, kept me informed of progress and was very competitively priced. He will be my first call when I need something else done. **Customer in Weybridge, 7 January 2012**
