Water stopped running in shower and bathroom blockage in the pipes 10 / 10

Work was completed within 40 minutes. We haven't had great or good experiences in the past with plumbers and were very happy to have a renewed confidence installed. The problem was identified and fixed quickly (despite the fact we have a very old cottage with strange goings on). Dave was very friendly and we felt trustworthy and would have no hesitation in using him again. The problem appeared to be a blockage in a pipe which stopped water running into our bathroom. **Customer in Surbiton, 12 April 2012**

Reconnected a relocated Gas Meter 10 / 10

Lovely guy (Dave) who came to site prior to the job to spec it and give cost estimate free of charge. He made recommendations and was very thorough. Also charged less than the initial quote. Would recommend. **Customer in Surbiton, 8 March 2012**

Identified source of water leak and fixed it there and then 10 / 10

Was able to fit me in on the day I called, identified and described what my problem was with the cold water tank in the loft, had all the necessary parts on the van so was able to fix the problem within the hour. Friendly and helpful, did not feel overcharged and would not hesitate to recommend. **Customer in Surbiton, 23 May 2011**

Overall, both an excellent and professional job done. The installation of my boiler was completed within 24 hours, I was given a full breakdown of the tasks to be undertaken, scale of work, with clear expectations that were set and also met accordingly. They were polite, conscious of noise being made as I was working from home, and I felt confident enough to leave the engineers in my flat when I had to leave for a couple of hours. When I returned, the job had been completed, my kitchen and the surrounding area of the boiler had been tidied up, and everything has worked wonderfully. Highly recommended for not only an excellent experience, but also for very competitive pricing compared to other companies that I asked to provide quotes. **Customer in Surbiton, 2 November 2010**
