Refurbished / installed en suite shower room

10 / 10

From the time the showroom / office was first visited to discuss and plan the work - the house visit to plan the layout - installation process we found that throughout it was dealt with the utmost courtesy and efficiency. The installation team were 1st class and informed us of any issues and their progress daily. All round it was a pleasure to do business with them. **Customer in Burgess Hill, 23 February 2012**

New kitchen, resited and installed new boiler, upgraded heating system

9.8 / 10

BMI helped us to design our impressive new kitchen. Their expertise, attention to detail and patience were invaluable in ensuring that when we finally gave the go ahead we were 100% certain we would have the kitchen of our dreams. The old boiler was removed from the kitchen and a new boiler was resited and installed in the garage. Our heating system was also upgraded. Over the months of planning these works with BMI we built a rapport with them to the point that we decided to hand them the keys to our home to complete the works while we went on holiday. We consider ourselves very fortunate to have found a company who have such high standards of workmanship and expertise in all areas and, in particular, who we were able to trust to work in our home while we were away. We have been so pleased with all the works and would highly recommend BMI. **Customer in Burgess Hill, 1 February 2012**

Assembly of new built-in wardrobe

9 / 10

BMI personnel were all extremely polite and helpful, and the finished product looks really good. The lower reliability and timekeeping score is chiefly down to a couple of errors made by the company in London who cut the shelving and doors according to dimensions supplied by BMI; this appreciated extended the time taken to complete the wardrobe. **Customer in Burgess Hill, 2 November 2011**

Replacing taps in bathroom

9.8 / 10

We are very pleased with the work done. Would use this firm again. **Customer in Burgess Hill, 26 October 2011**

Bathroom
