### Most Recent Customer Feedback

#### Supply and installation of new ceramic hob

10 / 10

Bryan supplied and fitted the new ceramic hob in our flat promptly and efficiently and he disposed of the old one. He is always very fair with his price and his work is of the highest standard. **Customer in Leamington Spa, 7 February 2012**

#### Full electrical inspections at two properties, installation of a new consumer unit to meet current regulations

10 / 10

I am definitely a repeat customer of BZ Electrical! Having first used Bryan to replace a faulty kitchen socket and assist with mending my cooker, I have since asked him to carry out electrical inspections of two properties (once when selling, and the second after buying a new house), and subsequently he has replaced the consumer unit in the new property to meet current safety standards. I always find Bryan to be very friendly, courteous and reliable, and he always gives a first class service. I will continue to use BZ Electrical whenever I have a requirement for an electrician and very highly recommend him to others. **Customer in Bristol, 5 January 2012**

#### Consumer unit and electrical shower installation inspection.

10 / 10

Professional, informative, prompt and tidy. Would use BZ Electrical again if needed. **Customer in Bristol, 3 January 2012**

#### All electrical work for a new kitchen dining extension - hob, 2 ovens, dishwasher, many LED lights, extra sockets, etc

10 / 10

Bryan was very professional and explained everything to me in terms I could understand. He was punctual and worked to a very high standard. He was actually employed by the builder I was using, but I have kept his business card for future use! **Customer in Bristol, 30 December 2011**

**My new house needed considerable work to bring it up to a safe standard. I also had a power link-up to a garden cabin, plus a heated towel-rail in the bathroom and light fitted in the loft. 10 / 10**

I would describe Bryan as kind, courteous, friendly, professional, knowledgeable, hard-working, honest and determined to do his best to provide an excellent service. Everything he does is done properly and I can now rest assured that the electrical installations in my house are absolutely safe. **Customer in Bristol, 14 December 2011**
