Tree Pruning

10 / 10

An experienced tree surgery company that completed the work required as quoted and left me happy with the end results. All contact with them was handled promptly and professionally, both over the phone and in person. The workmen turned up on time and worked through the intermittent rain showers to complete the pruning of my overgrown apple tree and removal of two lilac trees. They cleaned up after themselves and advised on what I could do to improve safety at the back of my garden. Would recommend them to anyone wanting reasonable priced and high quality tree surgery. **Customer in Hayes, 27 April 2012**
