Excellent service - very efficient and came to our rescue when we had moved into our new house to find the shower did not work and we only had cold water! Would definitely recommend them **Customer in Surbiton, 8 March 2012**

Complete toilet/bathroom refurbishment

10 / 10

I would have absolutely no hesitation in recommending Bathroom Eleven. They did a superb job in fully refurbishing our bathroom and toilet. They took down walls, replaced windows, fitted under-floor heating, replastered and rewired ... all

with the minimum of upheaval to our family life. The team were professional and polite, and nothing was too much trouble. Ben was always available to talk to whenever I had a query, and offered fantastic advice. I'm delighted with the end result, and would definitely use them again. **Customer in Ewell, 16 December 2011**
