New guttering, replace bathroom extractor fans, put spotlights in and skim ceilings 9.8 / 10

This was the 3rd time I used BBM to carry out work on my property. Their work is always of a high standard, they are genuine and trustworthy and I have no problems in leaving them with a key to my house while at work. Following completion of the work there were a couple of very minor problems with 1 part of the guttering and extractor fan cap, they came back the next day to fix the problems and all fine. Would definitely recommend to others. **Customer in Southampton, 6 April 2012**

Outstanding work and where able to carry out the work at short notice. I have used their services 4 times and they always exceeded my expectations. I can highly recommend this company. Stock up on tea bags that's all I can say and let them get on with it. **Customer in Southampton, 13 March 2012**

As novices to building work Richard and Simon were patient and understanding. They gave us a lot of good advice and helped us with the planning etc. Their work was excellent and they always cleaned up after themselves before they left the site. Happy to suggest ideas but always did what we wanted in the end. Their team was an extremely happy group who all worked well together and even serenaded us as they knocked the wall down! We are delighted with the finished results and are saving for our next project. We will definitely use Becheley Building and Maintenance again. **Customer in Southampton, 31 January 2012**
