Repaired front driveway and re-fenced it. Brand new fence and gate in back garden

10 / 10

Beewise driveways were very professional, efficient, and friendly. The pricing given was correct and no extra costs. The staff were extremely friendly and polite and they worked very hard to get the job done in only two days (even in the rain!). Would fully recommend to anyone who wants their front and back garden looking good! **Customer in Gosport, 12 April 2012**

Drive and hardstanding

10 / 10

Jimmy and his team have done an excellent job on our driveway and wall. This is the third job I have they have carried out for us having previously laid an extensive limestone patio and block paved the driveway entrance. We agreed a price and start date and in addition they delivered two lorry loads of topsoil free of charge. Great team - great service - great job. I highly recommend Beewise and am happy to talk to prospective customers. Rachel King **Customer in Fareham, 6 April 2012**

New Block Paving Driveway

10 / 10

From the initial planning phase through to designing the new driveway and then installation I could not fault the quality of service. The competitively priced quote detailed the work specification and materials to be used. Ideas were offered to enhance the initial design to produce an excellent finished driveway. The 2 size herringbone pattern in the Brett Antique Alpha silver haze framed in charcoal has a very nice kerb appeal. The team were hardworking and very polite ensuring that my neighbours and I were able to access our properties at all times. The workmanship of the final product is to a very high standard and this has transformed the front of our house. I would be very happy to recommend Beewise Driveways to all my friends and family. **Customer in Fareham, 3 April 2012**
