#### Kitchen replacement

I would strongly recommend these 2 guys if you intended to get any work done on your house. They have just finished installing a new kitchen for me, and the result is in my opinion excellent, Joe and Peter are very professional, the quality of their workmanship is of the highest standard and they were both very courteous and friendly and nothing was too much trouble for them, even when we changed our minds about a few things they told us that was not a problem and went on and got it sorted it out. It is always a bit of a worry when your hiring people to work in your house, but if you get Joe and Peter into do it I assure you wont have a problem .I will be getting them back to do my bathroom. Both these guys are excellent craftsmen wallace..oxshott,surrey. **Customer in Leatherhead, 19 September 2011**

From initial quotation to completion I was very impressed with Peter and Joe. They were courteous, tidy and incredibly helpful. They employed third party to complete a boiler installation and install gas appliances and they also had the same work ethic. I would not hesitate to use them again and would also recommend them highly **Customer in London, 10 March 2011**
