Repairs to front drive

10 / 10

I have used Bishops on three occasions and on all the jobs I was completely satisfied. The latest is a repair to the front drive which was done extremely neatly and I can have the confidence that it will last for a considerable time now. As always the clearing up afterwards was very efficient and the bags of rubble were taken away immediately. I shall have no hesitation in recommending Bishops to others. **Customer in Hove, 24 April 2012**

Retaining wall built on boundary, and new fencing.

This is the second time I have used this firm. They turned up early on the day we had arranged and were very professional and extremely competent. It was obvious that Mr. Rory Clarke knew what he was doing, and I was able to feel completely confident that the work would be done well. He was extremely tactful with regard to the neighbours. The site was left looking very tidy and the fencing is very neatly done. **Customer in Hove, 22 March 2012**

Various jobs including Landlord Gas Safety Certificates on four properties

9.8 / 10

Very good firm. Always willing to please, Pleasant staff, nice looking lads who are not cocky with it. Reasonably priced and being a landlord it is essential to have reliable traders like Bishops who can be relied upon to do a good job. If unsatisfied with minor issues there no attitude from the company - they just put right what is wrong and apologise. Could not ask for more. Young team, they are going places expanding and have a keen sense of customer first. Very good with disabled customers with absolutely no prejudices; no homophobia, no racism, just good service from good workers.
