Most Recent Customer Feedback

Old boiler replaced with high efficiency boiler and Power Flush 10 / 10

All work was done to high standards and with as little disruption as possible. The staff were very polite and would take the time to explain any query we had. Every care was taken that the place was kept tidy during the work being carried out (dust sheets and protective film was used throughout the house) and any mess cleaned up afterwards on a daily basis. We are very pleased overall and have already recommended their services to other people. Highly Recommended and a pleasure to deal with!! **Customer in East Grinstead, 2 February 2012**

New Combination Boiler 10 / 10

Very happy with Iain and his team, they were very professional and made sure everything was kept tidy and clean. Will definitely be using them again and would highly recommend them. **Customer in Crawley, 26 January 2012**

New boiler, cylinder and gas fire 10 / 10

The fitters were fantastic, very professional and tidy, left everyday with able to have hot water. **Customer in Crawley, 20 January 2012**

Repair to boiler fit new pump 10 / 10

No fuss, assessed the problem, collected new parts, fitted them. No problems, no fuss, no mess. I will be using Blaze again. Recommended. **Customer in Haywards Heath, 16 December 2011**

Gas fire service followed by replacement part being ordered and fitted 10 / 10

Both visits were punctual and the staff pleasant and courteous. Protection sheets were laid down on both occasions. The first visit ended with a replacement part being ordered upon confirmation with myself. The price was agreed over the phone when availability was confirmed and once the part was received I was telephoned to make a convenient appt.

The part was successfully fitted, not without the engineer having to take much longer than he had anticipated and at no extra charge. The fire was then repaired and cleaned. Now as good as new! **Customer in Horley, 13 December 2011**
