Most Recent Customer Feedback

Various jobs including new consumer unit

10 / 10

Whilst undertaking the jobs required, James and Fraser were able to identify a serious fault with the electrics in our new house and provided a first class service, staying all day (on a Saturday) until the house was made safe. Finding the source of the problem required a great deal of patience and expertise and they completed the work very professionally. I could not recommend them highly enough and certainly would not use anyone else for my electrical work in the future. Rates very competitive. Thanks! **Customer in Hove, 20 December 2011**

New consumer unit, installation of new ring of plug sockets, installation of new track lighting

10 / 10

Hardworking, friendly and respectable chaps! They completed the job very quickly and worked late hours to minimise disruption to the business, as this installation was in a retail environment. The price of the work was most competitive - I will definitely call Bowdens if I ever need any electrical work carried out in the future! **Customer in Brighton, 25 November 2011**

Replacing 6 Halogen bulbs in awkward wall lighting!

10 / 10

I will definitely be using the services of Bowden Electrical again. I had tried unsuccessfully to replace the bulbs myself as had a neighbour. Bowden Electrical fixed the problem and I now have 6 fully functional wall lights again. Yippee! **Customer in Hove, 9 November 2011**

Replaced main fuse box and downstairs lighting system.

10 / 10

Exceptional tidy and efficient workmanship. Worked long hours to complete the job half a day early. **Customer in Hove, 4 November 2011**

Ethernet Network Setup

10 / 10

Got things working perfectly... Thanks! **Customer in Hove, 31 October 2011**
