Rear Extension, Reconfiguring our flat and total redecoration 8.5 / 10

Overall we are really happy with the work carried out, it has been done to a high standard, inside and out.

Also, Nick (and his team) did have some really good ideas and were very amenable to changes as we went along (at no extra cost) which have made the finish look far better and we are grateful. I think this is extremely helpful, when like us, you haven't done this before.

The project was longer than originally stated, this was partly due to external unavoidable factors but had the time frame been more accurate, this would have been excellent.

However, I would certainly recommend Bridgewood for building work.

Bedroom renovations 8.8 / 10

3 bedrooms remodelled, in two separate pieces of work. New floors and ceilings installed, built-in wardrobes built, some plumbing and electrical work, re-plastering and complete decoration. Very pleased with the end result. **Customer in London, 11 November 2009**

kitchen refurbished and extended 9.5 / 10

The quality of the work is excellent and I very much appreciated the help which was given in deciding on such aspects as paint finishes. Nick has a very acute eye in knowing what will work and what will not. **Customer in Worcester Park, 16 October 2009**

Replaced banisters and doors, painted throughout.
