Fencing and Guttering

9.5 / 10

Jasons work on our fencing was first class and with the guttering he put in a lot of work to find the correct guttering as it was difficult at first to find the guttering. Will recomend to friends and family. **Customer in Bognor Regis, 20 May 2012**

New fence.

9.5 / 10

C J Landscaping turned up at 8:30am on the morning of the first day and completed the job on time and at the price quoted. Throughout the time here they were helpful and pleasant. **Customer in Chichester, 1 February 2012**

New fence posts and panels

9.8 / 10

I have used the company before and so when I needed some more work done I contacted the company as I found them reliable and trustworthy previously and this time they didn't disappoint either. I am very pleased with the work. **Customer in Chichester, 18 January 2012**

New fence posts and refit panels

10 / 10

Our fence blew down due to the recent bad weather and rotting posts. Jason contacted us quickly and gave us good advice and a good quote. The work was carried out to a high standard and all old materials were disposed of and our garden left looking neat and tidy. Can Highly recommend Jason. **Customer in Chichester, 14 January 2012**

Two patios and path.

3.5 / 10

Failed to return in September as promised to complete minor works (had been paid in full). New date of 15th Nov arranged, again not kept. Jason emailed (not phoned) saying he had stomach ache and subsequently headaches which kept him away for a week. Emailed saying started another job and would not return before Christmas. Another 5 week delay for us! Following intervention from Checkatrade Jason finally returned on 2nd February 2012 to complete work.

Work done did not meet our expectations. Slabs were bought in 'project packs' with a pattern to follow, Jason did not do this. The perimeter of patio and paths was left with very rough and lumpy base material beyond the paving slabs. Jason frequently complained about previous clients and suppliers, in our opinion Jason was always looking for problems not solutions. In the middle of the job Jason left site supposedly for one/two days due to a delivery problem, in our opinion there was sufficient work to continue. This became two weeks, when chased Jason admitted that another job had always been planned for the second week which he had not told us about. **Customer in Chichester, 28 August 2011**

Reply from Trader:After the work was completed and the client was happy he then paid me in full, The client then called me to say a slab had come loose and some pointing had come out, I then agreed to go back and complete the work in November, but unfortunately I was ill, and contacted the client to let him know, I then said when there is a dry day I will then come back to finish the work off. The client wanted the job done before Christmas but I was unable to do this due to bad weather and other jobs that were booked in.
