Most Recent Customer Feedback

Extension to Utility Room

10 / 10

The work involved excavating the site, removal and rebuilding an external wall to increase floor area, extension of existing hip roof to suit, re-plastering throughout, concrete flooring and screeding. A successful project in every respect, completed on time and within estimate. **Customer in Alton, 9 June 2011**

Make new door from utility room into garage. Block up existing door from garage into back garden.

10 / 10

Arrived on time and date originally set. Clean, tidy and very happy with end product. **Customer in Farnham, 13 January 2011**

Demolish existing garage and then rebuild

10 / 10

Leigh and his son, Nick had to cope with the freezing temperatures and snow that we experienced during this job. Despite the weather they turned up each day on time and kept me informed when certain parts of the job couldn't be undertaken because of the weather. But they always found something they could do and efficiently re organised to keep on schedule. I am very pleased with the end result and have already talked to Leigh about quoting for some further work for me. I would recommend them without hesitation **Customer in Fleet, 17 December 2010**

Knocked down old porch and built new larger one

9.8 / 10

We were really happy with the work carried out by Castle Construction and would highly recommend them. **Customer in Guildford, 1 December 2010**

General work on building as a result of purchase.

Including replacing rotting weatherboarding with UPVC, guttering, changes to kitchen and utility.

10 / 10

Great jobs, nothing too small or too hard. Leigh is always cheerful and has a great can do attitude. I asked about a couple of extra tasks and amended some already quoted tasks, Leigh immediately gave prices and all work has been completed to an excellent standard. Would recommend him and his team to all. **Customer in Woking, 21 October 2010**
