#### Fix and Service Boiler

10 / 10

We previously used a different company to service our boiler, however they were unable to do it this time and recommended Central Heating Services Ltd. Their telephone manner was very courteous and the plumber arrived at the specified time which was booked. We cannot fault the work and the plumber explained what the problem was, along with managing to get the part he needed the same day - a huge advantage when the temperature outside is dropping! We would use the company again and would recommend them to others. **Customer in Fleet, 10 October 2011**
