Two small check/repair jobs

10 / 10

We emailed Clive late on the 3rd Jan asking if he could come and check/repair a leaking pipe and toilet flush problem. He replied that night saying he could come first thing on the 5th. He arrived at 9am and was finished by 10am. Very professional, good job, reasonable price. Would definitely recommend. Thanks! **Customer in Reading, 5 January 2012**

Shower room refurbishment

10 / 10

We are delighted with our new shower room which was completed on time and on budget. It has seen many visitors over this Christmas and New Year period, all of whom have been most impressed with the new layout and standard of work. The day work was due to start on our shower room my daughter was taken in to hospital for an emergency operation, (she remained in hospital for the following week.) Clive and Paul were just so understanding of this situation and did their very best to work around all our comings, goings and anxieties! We are very pleased with the plumbing and tiling, and also with the advice given as to the layout of this new shower room. Thanks Clive and Paul. **Customer in Reading, 15 December 2011**

All downstairs radiators replaced with new.

10 / 10

The radiators were replaced exactly as I had wanted and also done at short notice as I particularly needed the work done as soon as possible. I was given a very fair price and I would have absolutely no hesitation in using Clive again for either a small or large job. I would consider myself to be quite hard to please and I have had various work done over the years, Clive is probably the person I would feel most confident with in terms of excellent workmanship and value for money.
