### Most Recent Customer Feedback

#### Planning, building reg and project execution advice/build monitoring

10 / 10

Claire worked with us to create an outstanding design for a new house where planning and building regulations were complex. She calmly dealt with planning complexity and quickly resolved issues and submitted new drawing when required. Her knowledge and expertise were also very helpful during the construction phase of the project. We have no hesitation in recommending her. **Customer in Brighton, 1 July 2011**

#### Plans for an extension and a new garden room

10 / 10

Both Claire and her husband were very professional and courteous. The work they did for us was exceptional. We are very happy and would recommend them to anyone wanting a very good, efficient and reliable service. **Customer in Hove, 19 May 2011**

#### Drawn up plans for house extension

10 / 10

Claire's ideas were brilliant! When drawing up the plans she used the available space in a very creative way. She was thinking things through from a very practical perspective - which is very much to our benefit when using the new kitchen now. We found her pricing very affordable. Claire also has the gift of being a good listener and communicator. **Customer in Brighton, 18 May 2011**

#### Architectural services to obtain Planning Permission and Building Regulations Approval for the extension of a guest room with en-suite shower and a new roof terrace

10 / 10

The service included a measured survey, drawings for discussion purposes and drawings for Planning Permission and Building Regulations Approval. The company provided me with a quotation, fully detailing the work they would undertake

and providing details of all the fees and when they would be payable. I live in a town centre conservation area and Claire's knowledge and experience, in this area, has been particularly valuable. She very quickly grasped what I wanted to achieve, improving on my ideas and making creative suggestions. She is very responsive and accessible and I would have no hesitation in recommending her and her company and, indeed, have already done so. **Customer in Brighton, 16 May 2011**

**Architectural services for house extension and remodelling**

10 / 10

Excellent Service. Very helpful, listened to what we wanted and helped us create our dream home, working with us to evolve ideas before and during the project. Highly recommended **Customer in Brighton, 1 January 2011**
