Lounge light and Kitchen light fixed

10 / 10

Chris was very reliable and the job cost was very good compared to other quotes we received. Chris was very tidy and made the whole experience very easy going. I have no problem in using him again and recommending him. Finally a tradesman who doesn't speak in riddles and over promise and under deliver. **Customer in Hove, 7 October 2011**

Emergency call out following fire

8.8 / 10

Chris did an excellent job following an emergency call to make the property safe after a fire. He provided a certificate saying what needed doing to bring the property up to present day requirements Since then In my opinion I have been unable to get him to complete the task of repairing the wiring and bringing it up to present day standards.. He very rarely responds to phone calls and has failed to turn up on several occasions when he was expected. He appears to have too much work to do and lets others jump the queue **Customer in Hassocks, 11 September 2011**
