Accreditations: **RVM**

## Most Recent Customer Feedback

### Sorted TV reception problems — 10 / 10

On time, did job well, sorted out difficulties, price very reasonable for enhancements suggested. I would buy their services again **Customer in Littlehampton, 26 January 2012**

### Replace old TV aerial with new digtal aerial — 10 / 10

Did a perfect job without any unnecessary extras. The existing aerial support was still in good condition so was only charged for the new aerial, more than half the estimate of a Brighton based installer. **Customer in Worthing, 26 September 2011**

### Install and setup new TV, home cinema and freeview. — 10 / 10

Excellent job. Terrific advice given. Thoroughly recommended. **Customer in Littlehampton, 4 August 2011**

### Re-aligning satellite dish — 9.8 / 10

Very efficient. **Customer in Worthing, 1 April 2011**

### New aerial and sat dish for new townhouse — 9.5 / 10

They were the cheaper of two quotes. Arrived at expected time. Access was difficult for fitter due to house being a new build and back garden was just mud. Fitter was polite and hardworking throughout. Think job took longer than expected but he didn't complain. The aerial was fitted on a new mast on top floor of townhouse above the gutter level. My only disappointment was the sat dish was on same mast but below gutter level which I didn't expect. When we look at of our bedroom we see the dish at eye level which my wife hates. But overall, I would recommend and would use again (but making sure exactly where aerials would be placed. I wish their business success. **Customer in Maidenbower, 18 March 2011**
