All work undertaken was completed in clean professional manner with the minimum of disruption. Each part of the project was finished to a very high standard. Cabinets have a professional finish and are a perfect fit  
No job is a problem and I will employ Mr Kelly for any future projects and recommend him for quality and cleanliness to anybody considering projects inside or outside of their home **Customer in Emsworth, 5 February 2012**

#### New bathroom

10 / 10

We decided to remove the bath and have a new shower instead. Work included a complete rip out of existing bathroom and replaced with a complete water tight flooring system with a tiled covering. Our house is over 100 years old and not square anymore. A very challenging project was carried out without any grief and little inconvenience to ourselves. Very pleased with the result. **Customer in Southampton, 31 January 2012**

10 / 10

Ned and his guys worked around our needs to ensure that all work was completed to a very high standard. They were all very polite and kept the areas as clean as could be expected when removing walls. I also found that Ned was happy to

sort out other jobs at short notice as they became evident when the work was in progress. I was very impressed and would recommend him. **Customer in Portsmouth, 15 December 2010**
