Repairs to flint and brickwork of my garden wall.

10 / 10

The work was done ontime, on budget and to a very high standard. I was kept informed as to what was going on and the work area was left clean and tidy on completion of the job. I am very satisfied with the work lee produced and would have absolutely no hesitation in asking he to do more work for me if required. Also I would be happy in recommending him to anyone else as a trustworthy builder. **Customer in Worthing, 13 March 2012**

I would recomend contrast construction to any one! I have used lee before to convert my garage to a bedroom and was very pleased with the end result so when we decided to have such a large job done it only made sense to contact him again.The work was carried out very efficently braving all weathers and completed in the time frame given. He also completed other jobs that arised as the project progress at short notice and we feel he went above and beyond what is expected of a normal builder to complete more than what was first asked to a superb specification.Thank you ever so much lee we now have a beautiful bungalow we are mored than pleased with the work and regularly receive compliments on the workmanship. **Customer in Worthing, 2 January 2012**
