Replace all windows, front door and two sets of patio doors with uPVC glazing. 9.5 / 10

We contacted Steve Cornish of Cristal 2 years ago for a quote for replacement windows and doors. At that time, we were unable to proceed with the work, but Cristal did not hassle us. This year we were able to go ahead with the work and Cristal came out to us once more and the quote was still reasonable. We believe that Cristal offer a professional, customer focused service that is lacking in some of the bigger companies. We have been pleased with the results of the new windows and doors and the quality of the hardware and installation is very good. The fitters turned up on time every day and were quiet and conscientious. They were always polite and well-mannered and kept us up to date with the progress. The work was completed on time and the snagging has been addressed very promptly. We would recommend Cristal to anyone who is considering this type of work and to support the smaller trades people. **Customer in Bracknell, 15 May 2012**

Double Glazing and new External Door

10 / 10

Stress free enquiry with Steve popping round to show us examples and provide a quote. No talking rubbish or hard sale, just good honest knowledge and felt he had our best interests at heart. Brilliant communication afterwards, the actual work was done with minimal fuss and mess but lots of hard graft in pretty bad weather with no complaints. Installation is to a very high standard, very happy to recommend Cristal to friends and family. Great to see a family business run so efficiently who puts the customer first and I wish them every success. **Customer in Haslemere, 24 January 2012**

Supply and fit new front door

From start to finish, my contact with Cristal Windows was professional and honest. This was an awkward job to an old cottage. The finished job exceeded our expectations. I would not hesitate to recommend them. **Customer in Camberley, 21 December 2011**
