Most Recent Customer Feedback

Fitted Quad LNB ran new twin cable and repaired existing cable 10 / 10

I have no hesitation in recommending this company! I called them on the 22nd Dec and they came the following day, in the rain, and did a superb job very quickly! It's the 2nd time I have used them and I recommended them to a friend and he was very pleased. They give very competitive quotes and do an excellent job! I have just recommended them to another friend too! **Customer in Southampton, 23 December 2011**

Replacement of wind damaged and inadequate aerial pole mounting with much sturdier replacement brackets 10 / 10

A very pleasant chap, arrived bang on the time which he said he would, and did a quick, neat, and sturdy replacement job. The price quoted on the phone was the price we paid. Thoroughly recommended. **Customer in Southampton, 13 December 2011**

New external aerial fitted to chimney and checks and tuning carried out to TV's to our satisfaction. 10 / 10

Work carried out with no fuss or bother, very pleasant chaps and completed the job quickly and efficiently. Left everything tidy and working properly. First class service. Would highly recommend their work. **Customer in Southampton, 30 September 2011**

Install aerial and two TV points 10 / 10

Phoned in the morning and had same day service - price charged as quoted, a very helpful, efficient, clean and polite service. I would definitely use this Company again, and wouldn't hesitate to recommend them. **Customer in Southampton, 5 August 2011**

TV reception very poor.

10 / 10

We are a care home for older people. TV reception has been a problem since installation of new aerial last year (by different company). Arrived within the hour- very courteous, did the job, cost very reasonable. Residents can now watch TV without going cross-eyed. Would definitely use again. **Customer in Southampton, 3 June 2011**
