**Re-Plastering** 10 / 10

Tristan and the team did a fantastic job re-plastering pretty much my whole cottage. Two of the rooms required stripping back to brick and re-building and although this was not a straightforward job it was completed in time and budget and to a high standard. They also re-plastered a kitchen/diner and skimmed 2 further bedrooms. I would definitely recommend TR plastering for good communication, hard working, competitive quotes and most importantly a good finish. I would/will use them again for future work. **Customer in Godalming, 20 March 2012**

**Plastering and making good to ceilings and walls following knocking through of 4 rooms into one.** 9.8 / 10

Tristan and his team carried out the work proficiently. They turned up on the agreed day and saw the project through to completion with no problems. Included in the work was a large ceiling in an open plan room, some tricky details around vision panels, plastering of walls along with making good following wiring alterations. All the work was completed to a good standard whilst keeping the work areas clean. We will be calling Tristan back when we start the next phase of our project. **Customer in Guildford, 1 March 2012**
