Most Recent Customer Feedback

Installation of new aerial and aerial point 9 / 10

I would recommend them. **Customer in Winchester, 24 November 2009**

Re directed TV aerial and new splitter box for digital radio 9.2 / 10

Really helpful and even tried to fix a broken lightswitch too. Actual price a bit more expensive than quoted but as they were so helpful I would still recommend. **Customer in Winchester, 25 September 2009**

Fitted aerial extension and amplifier 9 / 10

Arrived and fitted required extension within 2 hours of phone call enquiry **Customer in Eastleigh, 19 August 2009**

Freesat installation and 2x Freesat boxes 10 / 10

I moved into a multi-flat building fitted with a communal aerial. The signal from this proved almost to be non-existent. Having been relocated from Plymouth, I was very wary of who to contact, rogue traders etc etc. Having found D J Satellites on this site, I gave Dave a call. Right from the start, Dave was friendly, courteous and more than willing to fit in with my time scales. He advised that rather than spend a days labour trying to investigate what (if any) aerial feed there was to my flat, I should have my own Freesat installation into the lounge and bedroom. On the install day, Dave was early (after checking that was ok), tidy, totally professional and ensured all was set up and that I was happy before taking payment. The quote was very reasonable in my opinion. Would highly recommend.

Customer in Eastleigh, 22 July 2009

New dish and areial install with bloft amp 9.8 / 10

Arrived when they said they would, very clean and courteous. I would recommend them. **Customer in Southampton, 11 June 2009**
