Supplied and fitted new kitchen/ dining room and installation of new bathroom 10 / 10
We got 3 quotes to do work wanted and DS Renovations came out at a fair price in the middle of the 3. To start with Dan gave us some great design ideas for the kitchen lay out where the others just quoted what they thought we wanted. This showed us from the start that Dan enjoys what he does. On day one the old kitchen was taken out and the wall between our kitchen and dining room was knocked through. We'd been told by others that this would be fine but upon taking the wall out Dan was unsure so the next morning had a surveyor come round and a report was written up that day to say we need a steal in the ceiling. We couldn't believe how quickly he'd managed to sort it out and get the steal in (3 days) with little extra cost. Everything was done bang on time, bang on budget by a great team from Dan's demolition to the floor layers fine finish we're really happy. **Customer in Brighton, 7 January 2012**

Completely happy with the result, very tidy workmen and they completed the job on time. Will now use them to do my kitchen and have recommended to my friend, as excellent job well done. **Customer in Brighton, 19 November 2011**

Complete bathroom refit 10 / 10

Dan and his team did a superb job installing our new bathroom. Their experience and enthusiasm meant that every aspect of the work went smoothly; even when our supplier delivered the wrong bath Dan sorted it out for us himself. As other customers have said, they are a pleasure to have around and very tidy. Dan kept us informed of progress throughout the project and dealt with any issues promptly and effectively. We would have no hesitation in using D S Renovations again and would recommend them to anyone wanting a builder who does what he says and does it with a smile. **Customer in Brighton, 28 September 2011**
