#### Imprinted concrete drive

10 / 10

Recommended by a friend in Reigate, Brett and his team arrived punctually each day, keeping me fully informed as to when they would arrive. Every step of the process was explained to me and done to my satisfaction. Extra work was done at a low cost agreed before commencement. They were all courteous, hard working and professional. The entire job was completed as soon as the exceptionally bad weather would allow and was of a very high standard. Each day they finished work they cleaned the whole area to ensure that there was minimal mess to be trodden into the house. It was established from the beginning that final payment would only be when I was fully satisfied with the work. I had no hesitation in paying it! I would recommend this company to anyone. **Customer in Redhill, 8 May 2012**

#### Pattern Imprinted Concrete to front,side and rear of house

10 / 10

Our selection in using the team of Design-A-Drive has proved to be the right choice. We had the frontage, rear and side access in Pattern Imprinted Concrete which took 4 days plus an additional 2 days to wash and seal. Within this brief duration, the quality plus attention to detail was of a very high standard and visible through their passion. Their time keeping and punctuality was excellent. They would arrive by 0800 each day plus automatically ensured that they maintained a clean and safe working area. The finished product has passers by pausing and being amazed by what they see. We would not hesitate in recommending Brett and his team. Thank you Brett **Customer in Hounslow, 22 March 2012**

We invited Brett to provide a quote and discuss

our needs. He was very prompt and kept to the agreed time. He is old school and very professional, honest and hard working. We were provided with many addresses for us to see his work and were extremely pleased with what we saw and the house owners sang his praises. We look forward to March 2012. **Customer in Hounslow, 30 January 2012**
