Most Recent Customer Feedback

Rewiring

10 / 10

A very good and efficient service. I would have no reservations recommending Darren. **Customer in Steyning, 30 November 2011**

Repair wall light and fix under lighting in kitchen

10 / 10

Prompt, efficient and kept to agreed price - nice guy to deal with. **Customer in Steyning, 19 November 2011**

Extension and de-rating of existing ring main and fitting of extra ceiling light and installation of PIR activated exterior lights.

10 / 10

I cannot recommend Darren enough. He was recommended to us by a friend who had some work done on their house. He came and quoted us for the work as arranged and then was able to start when he said he would. He gave a competitive price and because of this and his excellent customer focus and communication became our choice. He completed the work pretty much within the time he said he would. A few things threw up a few problems which can only be expected sometimes, but he worked long hours to ensure the work was completed and did a follow up visit to finalise the work as agreed. We are very please and would not hesitate to use him again or recommend to friends. **Customer in Pulborough, 12 September 2011**

Wired new loft conversion and re-wired hallway and kitchen lighting

10 / 10

Daz was a pleasure to have around, I cannot fault his work, and a few changes I made mid-project were incorporated without fuss or bother. I highly recommend him. **Customer in Horsham, 9 June 2011**

Connecting underfloor heating thermostat and new boiler timer clock

10 / 10

Darren turned up at short notice which was excellent as my heating timer clock had stopped working. Did a good job and tidied up afterwards. Would use again. **Customer in Steyning, 29 November 2010**
