Most Recent Customer Feedback

I had no freesat signal since the bad weather started.

10 / 10

Having contacted Gareth on Tuesday he turned up on time and was very polite, Took his shoes off without being asked. I explained about the freesat signal and he checked for signal first then went outside to view the aerial. He could see the problem straight away. The aerial needed a new part and he also put new cable on and connected to the freesat box. He was a total gentleman and very clean and had a lot of respect for us as customers and his price was really good for the work he had done would recommend Gareth to anyone

Andy Aplin from Enham **Customer in Andover, 4 May 2012**

Installation of new rooftop aerial, complete renewal and connecting of old co-axial cables, removal of unwanted Sky dish.

10 / 10

I had just moved to Andover and into a house that for years had had Sky or Virgin Media products. I wanted neither, just the ability to receive Freeview throughout the house. I contacted Gareth after reading feedback for him on this site. I was so glad I did. During an initial visit and no obligation consultation, he got onto the roof to first check if a decent Freeview signal was possible. It was, so I went ahead and booked him in. He was excellent. He was exceptionally professional, hard working, personable and courteous. He was faced with some interesting reception challenges which he overcame with an innovative yet practical solution. His quote for the job was very competitive indeed. I would recommend him highly and plan to get him back to add another co-axial socket in the house. **Customer in Andover, 20 April 2012**

Installed new aerial and amp/distribution unit, checked/fixed cabling throughout house

10 / 10

Gareth was able to respond and visit within 24hrs of our initial enquiry. He gave a thorough diagnosis of what work would be needed and gave a quote of what that would cost upfront. He was able to do the work there and then. We were very impressed with the quality of the work and the signal we now have on our TV. We were particularly impressed that he took his shoes off when he came into the house! We will definitely recommend to friends. **Customer in Marlborough, 19 April 2012**

Aerial extension to kitchen

10 / 10

Gareth kept us fully informed, turned up when he said he would, did the work perfectly and was excellent value.
Customer in Hungerford, 6 March 2012

Fitted second cable from sky dish to box

10 / 10

Gareth was able to visit my property within a short period of time. He arrived on time and was very polite and friendly. We discussed my needs at length, and a solution was found which I was happy with. I was quoted a reasonable price, and the work was done on the same visit which was excellent. He left no mess and did a very neat and tidy job. I'll definitely use again in the future. **Customer in Salisbury, 28 February 2012**
